

Admissions Enquiry

D11A

Introduction: Clinical Workstation allows an authorised user to view a patient’s admission events. There are two nodes to choose from, Admission Enquiry for events after 2005, and Admissions pre 2005 for admissions before 2005.

1. Select a patient and click on the **Admission Enquiry** or the **Admissions pre 2005** node within the Tree Pane.

2. This displays a list of Admissions Enquiry details.
